Staff Notes

Administration Department

We would like to introduce and welcome two new staff members to East Coventry Township. Eugene Briggs was appointed as East Coventry Township’s Manager in November of last year and Amy Holland was hired as the Administrative Assistant to the Township Manager in February.

Eugene brings over 20 years of governmental experience with his last nine years managing another township in Chester County. In addition to his governmental experience, Eugene also managed an engineering office in Limerick Township for about eight years and briefly worked as a land developer. He graduated from Bloomsburg University with a Degree in Geography and a concentration in Environmental Planning. Eugene lives in West Vincent Township with his wife and their two daughters, who proudly attend Owen J. Roberts School District.

Amy Holland is an experienced administrative professional with more than six years of administrative assistant support at Owen J. Roberts School District and Coatesville VA Medical Center. Amy will be graduating from Southern New Hampshire University with a Degree in Business Administration and a minor in Accounting. Amy lives in East Coventry Township.

Finance Department

The Township’s Sanitary Sewer Usage Fee is \$185 a quarter and is invoiced January 01, April 01, July 01, and October 01. We accept payments in the form of cash, check or credit card. When paying by check, we ask that you please write your property address on your sewer payment. Note that your sewer account number is actually the property address of the service connection. If you have a mortgage escrow account, please make sure your sewer payments are not going to the tax collector. Remember, if your water is shut off due to delinquent sewer payments, it can take up to 10 days for the water to get turned back on. To help avoid this, you can make payment arrangements with the Township by contacting Jill Barbera, Financial Accountant, at 610-495-5443.

Township Sanitary Sewer Sale Exploration

Last year, the Board of Supervisors assembled a team of professionals to help explore the possible sale of its public sanitary sewer system. The team is lead by PFM Financial Advisors, who work with municipalities across the Commonwealth to assist them in determining if a sale of their sanitary sewer systems meets their individual goals and objectives. To date, PFM has estimated the value of the Township system, researched interest by qualified buyers, and released a Request for Bids for the possible sale. The next steps before a decision can be made to either keep or sell the public sanitary sewer system are to evaluate the bid proposals, hold public meetings to discuss the findings and obtain comments, analyze the pros and cons of keeping versus selling the system, and then the Board will consider making its decision at a public meeting late spring or early summer. Please visit www.eastcoventry-pa.gov for further information or contact Eugene Briggs, Township Manager, at 610-495-5443 with questions.

Spring City Public Library Update

This popular story time is followed by a Block Party which is free play with our set of large wooden blocks. This year we introduced our After School Read Aloud program on Wednesdays from 4:15 to 4:45 PM for first through fourth graders. Staff and mystery readers read aloud from chapter books each week. Be sure not to miss our many virtual programs for adults on topics such as water color, music, makeup, house organization, health, and much more!

Lastly, mark your calendars for the library book and plant sale on May 20! Please consider donating books in good condition and plants that you no longer need in your garden. Plants can be donated the week before the sale and can be outdoor or indoor plants. We look forward to seeing you at the library!

Parks, Recreation and Conservation Committee Update

What is new with our parks and trails?

East Coventry Township has an extensive network of parks and trails, and the Parks, Recreation and Conservation Committee is committed to enhancing these public spaces. Make sure you have not missed the latest additions:

Signs at East Coventry Nature Preserve

Two new signs have been built at East Coventry Nature Preserve, one at the corner of Maack and Kulp Roads and another in front of the schoolhouse on Schoolhouse Road. These signs mark the preserve's two entrances, drawing attention to where visitors may park to access the Township trail system.

The stone pillars that support the signs have a unique shape: they are wide at the base and become narrow toward the top. This tapered design is modeled after the stone pillars that support the forebay (an area where one or more walls overshoot a building's foundation) of old barns spread throughout southeastern Pennsylvania, including some here in East Coventry Township. These pillars celebrate the architecture of our historical buildings and should serve as a permanent reminder of our community's agricultural roots.

We thank Jocelyn Canfield of Communication Results for her design expertise, Jeremiah Wright of Jeremiah Wright Masonry for building the stone pillars, local resident Bob Bauers for his beautiful ironwork, John Becker for his skilled woodworking, and the Public Works Department for sign assembly. This project was funded by a Department of Conservation and Natural Resources grant, part of the Schuylkill Highlands Mini-Grant Program administered by Natural Lands.

'Wildcat Trail' around East Coventry Elementary School

Over the winter, the 1.5-mile Wildcat Trail opened around the perimeter of the old and new East Coventry Elementary School properties, offering a relatively flat and easy walk through beautiful open space. **Access to the Wildcat Trail is NOT permitted during school hours**, but public access is available at all other times. New playground equipment has been ordered and a new ADA-accessible sidewalk will be constructed so that all of our residents can enjoy this newly defined open space.

The Wildcat Trail is the product of collaboration between East Coventry Township and Owen J. Roberts School District. We thank the Public Works Department for installing the sign posts. The project was funded by a Shared Schoolyards grant (accessed by the Township through membership in the Pottstown Area Regional Recreation Committee). Funding was also provided by PECO.

Parks, Recreation and Conservation Committee Update (continued)

What is next?

East Coventry Township, Pottstown Joint Veterans Council, and Mahanatawny Daughters of the American Revolution invite the public to solemnly observe the sacrifices of our original freedom fighters with a ceremony including public participation, history, music, tradition, and nondenominational prayers.
